

## New INDICAL catalogue numbers for SVANOVA products

On April 1<sup>st</sup>, 2021, Svanova became part of INDICAL ([www.indical.com](http://www.indical.com)) as INDICAL Sweden AB (legal manufacturer). The SVANOVIR<sup>®</sup> ELISA product range is now available exclusively from INDICAL.

To enable you to order these products, some changes to the catalogue numbers were necessary. For your convenience we have prepared a list showing the former Svanova catalogue numbers and the equivalent new INDICAL catalogue numbers. As you will see, the only difference is the addition of “SV-“ to the existing Svanova catalogue numbers.

Products manufactured prior to April 1<sup>st</sup>, 2021, will retain the Svanova catalogue number and labels – products manufactured from April 1<sup>st</sup>, 2021, have the new INDICAL catalogue numbers and labels. If you have any questions, need more information or to place an order, please contact us.
